FOREWORD

“On behalf of the City of Port Lincoln, I am delighted to introduce the City’s Strategic Directions Plan for 2025-2034, which captures our future ambitions”

This Plan outlines our vision for the City’s development over the next decade, detailing how we aim to achieve the best outcomes for Port Lincoln, its community, and stakeholders. With strong leadership and effective governance, the Council is committed to realising the Vision and Goals set out in this Plan. It highlights opportunities for involvement from all segments of the Port Lincoln community—whether young or old, business professionals, community groups, or other stakeholders.

Our Strategic Plan appreciates the natural beauty and resources of our environment, recognising their role in community well-being, identity, and the economic advantages of our clean and green qualities. We remain dedicated to upholding our reputation as the ‘Seafood Capital of Australia’ and enhancing our status as a tourist destination.

As we look ahead, the Strategic Directions Plan will steer the Council’s priorities and decision-making. It will also drive other planning decisions that will shape our City. This Plan will aid in prioritising key community projects, ensuring well-coordinated delivery of essential services and infrastructure, and fostering important partnerships needed for Port Lincoln’s continued success and growth.

Our future goals are ambitious, and we will require substantial financial support from both state and federal governments to achieve these, especially for major infrastructure projects.

Potentially, we are able to provide greater value to our community, by identifying and leveraging opportunities to optimise outcomes.

We extend our gratitude to those who have contributed to this Plan. This is an opportunity for Port Lincoln to showcase everything we have to offer, and demonstrate our capabilities as a community, city, and region.

We eagerly anticipate collaborating with the community and key stakeholders to realise the Vision through the Key Focus Areas and Strategic Actions outlined in this Plan.

MAYOR

CITY PROFILE

Port Lincoln is the 'Seafood Capital of Australia', an iconic South Australian regional coastal city. We are the major service centre for the southern Eyre Peninsula communities.

The city is located at the base of Eyre Peninsula some 650km west of Adelaide by road, on one of the world's largest protected harbours. The natural setting of Boston Bay is a defining feature of Port Lincoln, with the foreshore open space a highly valued recreation space and visitor experience.

Regional primary production including 50% of South Australia's wheat, barley and oil seed, together with our deep natural harbour and commercial fishing fleet, makes Port Lincoln a major agricultural export and seafood centre. The economy continues to diversify through the innovation and growth of production and industry, bringing new investment, workforce and population growth.

Port Lincoln is also a popular visitor destination, now enhanced by a growing program of cruise ship visits. Numerous festivals and events contribute to the city's vitality and attraction, including Tunarama, Adelaide to Port Lincoln Yacht Race, SALT Festival and Mortlock Shield Football Carnival.
